

## SPECIAL MAINTENANCE

### ● REFRESHING

Clean the solid external panel of dust or other impurities. Apply oil finish with a cotton cloth twice. Apply in a uniform manner. This treatment must be done twice a year.

### ● TOUCH-UP

In case of small scratches on the external panel, use wood markers for retouching of the same etching. Apply with a dotted motion. Clean immediately any drops with a cloth.

### ● PAINTING

To stain the solid external panels, effectively the wood exposed to weather, proceed in the following manner:

-clean the surface

-sand the surface with grains of 180 then 220;

-re-staining with water based stain.

It is recommended to have the painting done by professionals.

### ● WARRANTIES

#### LEGAL WARRANTY

The armored door is guaranteed for 2 years from the date it was completely manufactured, whether it be the structural or mechanical parts. Natural deteriorations caused by use are not guaranteed.

#### COMMERCIAL WARRANTY

The door such as the panels and the handles have a guarantee longer than 2 years, (if declared) as long as the door is placed in a location as stated in the general catalog.
